

# WIRELESS PRESENTATION

The easiest way to share big ideas  
and encourage collaboration

With our Wireless Presentation Solution, you can share what's on your laptop or mobile device, on a presentation screen, transforming a meeting into a complete sharing experience with a single click. It avoids the unsightly jumble of cables often seen in meeting rooms. It requires no special adapter or port – so there's no need to carry additional wires or rummage under the table.

Our wireless display and collaboration solution provides unparalleled deployment flexibility for employee and guest devices in ANY meeting space.
